

Online Resources for Business

For quick help with specific course material, check out some of the links we've compiled from the web. This list is not exhaustive. To address all your academic success needs, you should ask your professor for clarification, meet with a tutor or consult an ARC staff member.

The Khan Academy, at khanacademy.org, has resources for each of these topics.

Accounting

- <http://www.accountingcoach.com/>
- <http://www.simplestudies.com/>: Use the toolbar at the top of the page to access accounting tutorials, an accounting dictionary, and more.
- <http://www.middlecity.com/>: Free tutorials in the left sidebar; check out the link to Financial Statements.

Economics

- <http://www.khanacademy.org>: Use the drop down Subject menu in the top left corner; Choose micro- or macroeconomics
- <http://sambaker.com/econ/> : Interactive Economics tutorials
- <http://www.wwnorton.com/college/econ/stec3/economics/index1.htm>; Use the practice quizzes to check your understanding
- <http://www.whitenova.com/thinkEconomics/index.html>; Interactive graphs illustrate concepts
- http://economics.about.com/cs/studentresources/a/exam_tips.htm. How to study for your Economics exam

Finance

- <http://www.teachmefinance.com/> : This explains the Time Value of money.
- <http://www.baruch.cuny.edu/tutorials/statements/>: Guide to Financial Statements
- <http://www.rmis.com/lib/finance/>

Management

- <http://www.tuition.com.hk/dictionary/>: Accounting, Business Studies, & Economics Dictionary
