

Covid-19 Vaccine Remote-Only Exemption Request

Mandatory COVID-Vaccine Policy

Effective during the spring 2022 semester, Ohio Dominican University requires all employees and students to be fully vaccinated against COVID-19. Universal vaccination of students and employees against COVID-19 will significantly reduce the risk of transmission of COVID-19 on campus and in the surrounding communities. This form should be used by students, faculty or staff needing an exemption because they will take online-only classes or work fully remote during the spring 2022 semester.

To be completed by employee or student (and parent or guardian if student is under 18)

I am seeking a COVID-19 vaccine exemption because I will take online-only courses or work fully remote during the spring 2022 semester and will not physically be present on campus or in any ODU-owned or governed property for any reason, including attending or participating in courses, services, programs, recreational or sporting events or other activities of any kind.

If granted this exemption, I attest that I will not physically be present on campus or in any ODU-owned or governed property for any reason, including those listed above. I understand and acknowledge that my physical presence on campus, or in any ODU-owned or governed property, for any reason during spring 2022 semester may result in disciplinary action up to and including expulsion. I understand and acknowledge that changes to this exemption, including any change in my online only course status, or need to be present on campus, or on any ODU-owned or governed property for any reason during the spring 2022 semester, must be approved in writing in advance. Such approval must be requested by emailing the request to ODURising@ohiodominican.edu.

If student is less than 18 years old, this request must be signed by both the student and the parent guardian.
